

# pure hydration

## Pure Link – Pure Innovation

### Click and Connect:

The PureLink connectors simply push into the delivery tube of your hydration pack and allow a host of additional accessories to be plugged inline.

### Features include:

- The Inline Filter
- The Pure Hydration Pump
- Additional delivery tubes
- Pop Top & bite Valves
- Shut off Valves

The 'plug and play' connectors simply push into the delivery tube of your existing hydration system and click together with ease.

Easy and convenient to use, the female connector includes a non return valve.

### Aquasak Inline Filter Connectors

Code: CONN – RRP: £5.99

## Pop and drink with our shut off valve

### Double sealed:

The pop-top valve comes with an on/off valve so you can completely shut off water to the mouthpiece when not in use.

The shut off valve is thumb operated and simply pushes into the end of the delivery pipe.

The comfortable polypropylene sports style pop-top can be unclipped and cleaned using our unique PureLink system – all built into the shut off valve's housing.

### On/off switch including PopTop

Code:ON/OFF/VA/PT– RRP: £5.99
