

Bags of water for emergency aid

What is it?

The Thirst Aid Bag is a personal water purifier capable of quickly turning 350 Litres of potentially contaminated water into clear, clean & safe drinking water.

Designed with emergency use in mind the bag will fold up small for compact storage & easy transportation, meaning it's a very cost effective solution to getting clean water where it's needed.

Made from our extremely durable Armour Weave material and built to the strictest quality control procedures, the Thirst aid bag is designed to provide you with purified water again and again whatever the conditions.

Dirty water in, Clean water out

It's that simple to use

What does it do?

- Capable of purifying 350 Litres
- Kills viruses & bacteria

Removes:

- Pathogens (including Cryptosporidium & Giardia)
- Bad tastes & odours
- Chemicals (including VOCs, SOCs)
- Heavy metals
- Faecal matter

Why the Thirst Aid Bag?

- The Thirst Aid bag uses our world renowned Aquapure Traveller Filter - the only filter fully endorsed by the Hospital of Tropical Diseases London.
- We are an official partner of the Foreign & Commonwealth Office's 'Know before you go' campaign and our technology is approved for use by the UK MOD.
